

## **Printmaking Exploration – Moose Wesler**

### **Materials List**

- Students need not purchase supplies for the first meeting. I will introduce students to the materials needed for creating etchings and relief prints at the first session, and you will be able to purchase some supplies directly from me.
- Please bring images (photos, drawings) that you would be interested in pursuing as prints. (I can also have a still-life setup arranged.)
- More information will be supplied in an email before the first class.
