

Fused Glass & Slumping – Penny Ruhter

Materials List

1. **Glass Cutter (Recommended: Toyo Pistol Style)** \$25-45
 2. **Pliers (Recommended: Fletcher Running Pliers)** \$17
 3. **Pliers (Recommended: Grozer Pliers)** \$8-10
- *Note Some Suppliers Have a Tool Kit \$50-70**

You do not need tools or glass for the first day of class. We will go over the tools and supply list in detail during the first session.

ITEMS IN BOLD TYPE ARE ONLY AVAILABLE AT A STAINED-GLASS SUPPLIER GLASS

Fusible/compatible glass COE 90 ONLY! Do not buy a large amount of any one type or color of glass to start with because you will tire of the lack of choice. Consider buying 1/2 to 1 sq. ft. Buy some clear, black and, iridescent and/or a small amount of dichroic glass. Some suppliers may have a starter glass pack of COE 90, which will include a selection of glass for a reduced price. It is difficult to estimate cost for each person as the projects can vary in size and price.

Other items useful for working in Fused Glass

- Coffee Filters for cleaning glass (Mr. Coffee Style Basket style)
- Dust Masks (Rated for fine dust)
- Paint Brush (for brushing glass shards)
- Permanent Felt Pen (Sharpie Ultra Fine Line Black)
- Rubber Gloves (Rubbermaid Dish Washing)
- Rubbing Alcohol (70% Isopropyl in Spray Bottle)

- Ruler 12" (Metal with Cork Backing)
- Safety Glasses (Goggles or Wrap Around)
- Scissors (Paper Type Inexpensive)
- Toothpicks (Wooden)
- Tweezers (For Placing Small Pieces)

SOURCE OF GLASS AND TOOLS * Discount offered for my students
